BIDS AND AWARDS COMMITTEE 3

University of the Philippine Manila

SUBJECT: REVISED AND DETAILED SPECIFICATION OF 13 DESKTOP COMPUTERS FOR PURCHASE REQUEST NO. 12563

Dear Chairman Ramos,

The Newborn Screening Center- NIH under the Institute of Human Genetics, have considered recommendations on the review and revision of our detailed specification submitted for the **Thirteen (13) Desktop Computers under Purchase Request No 12563.**

Issues raised by one supplier during the PRE-BID Conference on March 1, 2021 have been verified and researched by our team and we also verified to HP (website) of the newly identified concern on compatibility of UPS on the HP Brand i7 with a high spec dedicated video card and 500 watts Bronze Power Supply Unit wherein a 650VA UPS is not sufficient to achieve peak efficiency. With this, we are submitting our new specification with software and new UPS requirement for the said Purchase Request with the following revisions:

1. **Computer Specification:** From Dedicated Graphics Card downgraded to Built-in Graphics Card
2. **UPS Specification:** From 650VA to 1KVA
3. **License:** From OLP License to Specific Academic Licensed Windows 10 Pro 64-Bit and Microsoft Office 2019
4. **Delivery Time:** From 30-45 Days to 30-60 Days

INSTITUTE OF HUMAN GENETICS

National Institutes of Health, University of the Philippines Manila "The Health Sciences Center"

The revisions resulted from the discussion made during the BIDS and Awards Committee Meeting (Pre-Bid Conference) held last March 1, 2021.

Thank you very much.

Sincerely,

ANNA LEA G. ELIZAGA, MD, FPPS

Unit Head
