Queries	Response
1. ISO 22201-1-20017 - most of the elevator companies here in the Philippines don't have this certificate. what we usually have are the ISO 9001-2008, ISO 14001, ISO 18001, CE Markings	1. The proposed elevator brand/or manufacturer shall comply with this requirement. (Note: ISO 22201-1-20017 is a standard for elevators and not a certificate)
2. PCAB General Bldg. Small B - we only have PCAB Mechanical works specialty elevator.	2. Scope of work includes both structural/ civil works and mechanical works, thus at least PCAB GB-1 (Building) Category D is required.
